Summary

[2-3 sentence overview of pre-purchase objections discovered]

Why This Report Matters Most

Most Amazon sellers study competitor **reviews** (post-purchase feedback) and build "Frankenstein" products. This report focuses on **pre-purchase objections** - the reasons people hesitate or DON'T buy.

Reviews tell you: What buyers think AFTER purchase **Objections tell you:** Why people DON'T buy in the first place

Red Flags

- Objections are fundamental to the category (can't be fixed)
- Multiple unaddressable objections
- Trust issues require years to overcome
- Price objections with no margin room to adjust

If multiple red flags checked: Serious concern for product viability.

Final Assessment

Overall Objection Landscape: [Favorable / Manageable / Challenging / Prohibitive]

Key Finding: [One sentence summary of most important objection insight]

Recommendation: [Based on objection analysis, should you proceed?]
